

## HALL OF FAME

*CFRI proudly presents these annual awards in recognition of outstanding contributions to the CF community. We thank these remarkable people for their time and their commitment to those affected by cystic fibrosis.*

### 2007 DAVE STUCKERT MEMORIAL VOLUNTEER OF THE YEAR AWARD

**Michael Roanhaus** – A leader of the CFRI community, Mike has served on the Board of Directors for over fourteen years. As Board President for nine of those years, he has governed this organization with commitment and passion, helping it grow to meet the needs of a broad CF community. Mike continues to champion the mission of CFRI in many ways, promoting research, education and awareness of cystic fibrosis.

### 2007 CFRI PROFESSIONAL OF THE YEAR AWARD

**Paul Quinton, Ph.D.** - Paul has consistently been at the forefront of CF research. His work has addressed the functioning of CFTR and how its various defects cause this disease. His discovery that CF is caused by the loss of a chloride channel was pivotal, impacting the directions of research to follow. Paul is a tireless worker behind the scenes who helps to focus CFRI research on important questions regarding cystic fibrosis.
